

Mt. Olive Robotics Team

Who Are We?

The Mount Olive Robotics Team (MORT), is a competitive FIRST Robotics team based out of Mount Olive High School in Flanders, New Jersey. Every year, we design and build a robot to compete in the annual FIRST Robotics Competition. The team currently has more than 100 members. With so many members, our team is able to make a huge impact nationally and internationally. This year, we focused on using the size of our team to our advantage by implementing the theme of “MORT Support”. Throughout the season, we went out into our community to spread the word of FIRST, spread STEAM, and help people in need.

Core Values

A typical MORT student:

- Learns best by doing, does not stand by the sidelines, and gets involved
 - Always asks questions
 - Demonstrates gracious professionalism
- Shares knowledge for the betterment of the team
- Appreciates that life is complex and difficult
 - Helps the community
- Shares the beliefs of FIRST whenever possible
 - Never gives up
 - Works through adversity
