

# Adopt-A-Spot Roadside Cleanup

Our town gives us an enormous amount of support. This motivates MORT to make a conscientious effort to show our appreciation and give back in a meaningful way. To this end, MORT has our own Adopt-A-Spot near Branda's Italian Grill in Budd Lake, NJ. This area is a piece of land at a busy intersection of Route 46, that needed extra care. Each year our team members go to our location and thoroughly clean the entire area, picking up trash, debris and mowing this area. One of our contributions to the community and to the environment.
